

# Hints for the Beginner Flautist

Try to copy the picture above to get your lips forming the perfect embouchure

Try to play every day, 5 – 10 minutes is fine at first

You may get dizzy, Stop, you're just using more oxygen than usual, this will go away with more practise

Always start with just blowing into the head joint to get a strong clear sound

Use a mirror to check your lips look like the picture above. Try blowing into a bottle if you have trouble getting a sound
